PLANNING TO KILL OFF THE MOSQUITO

Health Commeisioner Bosley, of Baltimore, who proposes to help City Councilman George Stewart Brown to legislate the misquito family out of Baltimore on Saturday received a letter from Dr. L. O. Howard, of the United States Department of Agriculture, regarding the efficacy of kerosene oil in the destruction of the pests. Dr. How-ard says that as to the quality of the oil, "it has been determined by actual experimentation that the grade known light fuel oil is the best, since it does as light fuel oil is the best, since it does not evaporate as rapidly as the illumi-nating oil, and spreads more rapidly over the surface of the water than do the crude oils and the heavier oils." Continuing, Dr. Howard says that "an application once every three weeks will answer the purpose, and the amount to be used is about one ounce to every

60 square feet of water surface."

Dr. Bosley wrote to Surgeon General
Wyman, of the United States Marine Wyman, of the United States Marine Hospital Service, asking for his experience regarding the use of oil in the destruction of mosquitoes. Dr. Carter, who is in charge of the marine hospital in Baltimore, told Dr. Boswell on Saturday that he had found oil it its crude the marine has a final to the control of the control form to be very beneficial. It was used in the drinking water supply and drove

off every morquito.

Councilman Brown was in the City Hall on Saturday talking with different city officials about his crusade. He says he means business, and feels that success will be his reward. He called attention to the fact that the officers at Fort McHenry began to use kerosene there two or three weeks ago. Mr. Brown will offer his resolution in the city council of Baltimore this evening. It direcs the commissioner at health to look into the best method of exterminating the morquito and report to the branch any legislation he may deem necessary to carry his observation into full force and effect.

unless it is in a 1 pound secled packet with the head of a lion on the front. Then you get pure coffee—the highest grade for the money.

Watch our next advertisement.

# Why has

now become the leader of all package coffees? And why is it used in millions of homes?

Because it does not sail under false colors. It is an absolutely clean, pure coffee. No glazing, no coating with egg mixtures or chemicals in order to hide imperfections.

Just try a package of LION COFFEE

and you will understand the reason of its popularity.

In every package of LION COFFEE you will find a fully illustrated and descriptive list. No housekeeper, in fact, no woman, man, boy or girl will fail to find in the list some article which will contribute to their happiness, comfort and convenience, and which they may have by simply cutting out a certain number of Lion Heads from the wrappers of our one pound sealed packages (which is the only form in which this excellent coffee is sold).
